

TAILOR-MADE BLEND

Your brand, your choice

PRODUCT DESCRIPTION

Either use our pork or poultry raw material as a base and choose the carbohydrate, fibre or vegetable protein you want, or send us your raw material and we will dehydrate and process in our unique process. We guarantee your digestibility figures to be the highest on the market.

Depending on what you want to achieve, we will design the meal to hit your desired protein, fat and carbohydrate content. We will make your unique pre-mix.

Do you want your premium brand to be even more premium. Let us produce your meal and you can free space in your own production. Do you have smaller series and don't want to invest in new machines? Then the flexible RePasco process will help you widen your brands.
